What suggestions do you have for the registration process?

What would you like to see in our Reunion Book?

- A complete listing of everyone in the association (not just those attending)
- More candid photos instead of posed photos
- More history about the location we are at
- More photos with captions
- More photos of tours taken
- (Important to note here that the comments above do not reflect on the quality of the Reunion Book itself. Of the 32 forms received, there were NO negative comments about the photographer or his work. Only suggestions that might improve the over-all quality of the product that Vaughn Monigold presently puts forth.)
