## OUTSTANDING BENN CRUISE BOOK OFFERED FOR \$5.00

Scuttlebutt travels rapidly through a ship, especially "Big Benn." Perhaps the latest and most important news now circulating on the mess decks is...."The cruise book is on sale. Have you bought yours? Who is your

divisional representative?"

The cruise book is on sale for the price of \$5.00, and promises to be one of the best in the fleet. Let's take a quick look at what we can expect in the book.

First, the book will be strictly a Bennington and squadron book.....not a task group book. This means more pages for the men aboard Benn. Rumors say 200 pages. Color!! The book will have natural color throughout and will utilize many double-page spreads with full color. The present contract calls for nearly one-third of the book to be in either natural color or duotone.

What will be in the book? In the first pages, you will

see the Alaskan cruise depicted followed by the services for the late President John F. Kennedy, highlighted by, natural color pictures of Bennington in formation. The picture will be the same as that which appeared in "All Hands."

As you continue the forthcoming book, ports of call will compose over 100 pages in the book. Ports include: Pearl Harbor, Yokosuka, Iwakuni, Kobe, Sasebo, Subic Bay, and Hong Kong. The overall book will be a record which every man should desire to have in his possession. See the display in Hangar Bay 2 on the photo bulletin board, and buy your book today.
