

13. TATTOOS: DON'T. The transmission of syphilis by tattooing instruments is a definite possibility.

14. BEGGARS: Do not contribute to beggars at all. You will see heartening evidence of poverty, but do not give money--especially to small children who may be recruited by a syndicate for that purpose.

REMEMBER: The staff of the Purchasing Branch and its Display Room are there for the sole purpose of providing service and assistance to you. It is to your advantage to use these facilities for your own best benefit. In order to purchase directly, the individual may come to the display room, select the items he desires to purchase and make out a form called a Cash Purchase Form. This is then signed by a Navy Purchasing Branch representative and taken directly to the vendor's shop, where the shopper pays cash for the item. If the individual feels that his purchase is not the same quality as that at the Navy Purchasing Branch he may take his merchandise there and make a comparison. The Navy Purchasing Branch is in a position to obtain satisfaction for merchandise that is not up to standard. This is your only real assurance that you are getting quality merchandise at the best prices.
