

BENNINGTON's personnel dept. reports an increase of new crewmembers in preparation for BENN's return to the operating fleet. Stevens, BM3, pictured (at right) relaxes after a session of line coiling. Stella reports last duty station was M-G-M, last assignment was "Courtship of Eddie's Father," an Army training film soon to be released. Remember to make all newcomers feel at home.

CHUCKLES

Did you hear about the old farmer whose horse would stop every so often to look around for no reason at all? A puzzled bystander, who had noticed the animal's peculiarity, asked the old man if his horse was sick.

"No," the farmer replied, "He's just afraid I'll say 'whoa' and he won't hear me, so he stops every once in a while to listen."

A westerner entered the saloon with his wife and six-year-old boy and ordered two whiskeys.

"Ain't Ma drinkin'?" asked the boy.
