

Double Three Double Talk

The April showers brought not only May flowers but also much news for the officers and men of VS-33 from home. LTJG Nelson and J. P. Brown, AME2, are both new fathers of baby girls, and needless to say our very best wishes go out to both mothers and daughters. Congratulations!!!

We have also heard that the Fisks, family of D. R. Fisk, ATR2, are all fine after a tragic fire took their home shortly after our departure from the States. We sincerely hope that their troubles are over and things may once more return to normal for the Fisks.

With the results of the service wide examination back, VS-33 found it had nine unauthorized advancements and thus extends congratulations to: K. L. Berry, AXAN; E. B. Errington, AEAN; R. A. Debrocki, (AN to AME3); A. D. Foote, AX3; K. L. Harris, AX3; J. H. Jewish, ABH3; A. G. Rehn, ATR3; G. D. West, ATRAN; and T. W. Woodruff, ARAN.....all of whom will be advanced in the first increment.

Last month brought a lot of new adventures to the lives of many of the men of VS-33. Many of them saw Japan for the first time, several through the tours offered by Bennington, several on their own. It is understood that the mountain climbing expedition of Harris and Bungarner didn't quite make it to the top of Mt. Fuji, but that their week was well spent sightseeing.

A "welcome aboard" goes out to R. E. Collins, AA, and R. V. Bolin, AN, who joined us in Yokosuka. Collins comes to the squadron from North Island, San Diego, and Bolin arrived from Guam.

May will bring a slight turn over in personnel for VS-33, with several transfers and, hopefully, many new men coming in, so thus we will close wishing all those leaving us "fair winds and following seas."

HukSter Duty Calendar

36-23-34, just stopping right there would be fine, but Chris Noel has a few more interesting things to her credit. She is what is known in Hollywood as an "overnight success," starring in the movie "Soldier In The Rain," with Steve McQueen.
